Public debt

April 2018

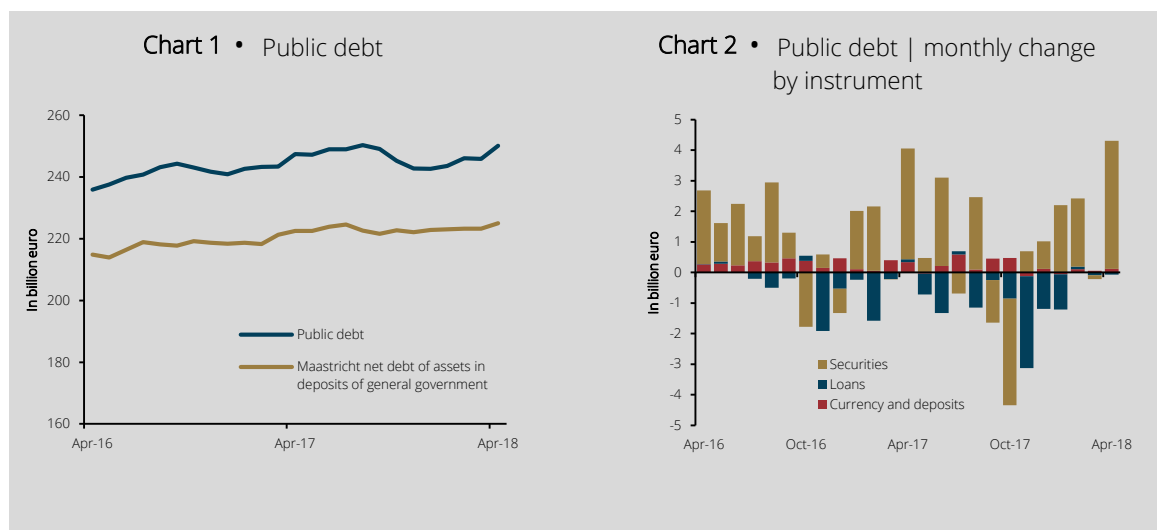

1 June 2018

Today, Banco de Portugal publishes statistics, in Table [A.15](#) of the *Statistical Bulletin* and in *BPstat*, on public debt for April 2018.

In April 2018 public debt stood at €250.1 billion (Chart 1), increasing by €4.2 billion from the end of March. This was essentially due to an increase in

debt securities, mostly stemming from the issuance of Treasury bonds (Chart 2).

General government deposits rose by €2.5 billion, with public debt net of deposits increasing by €1.8 billion from the previous month, totaling €225.0 billion.
