MEETING OF THE BOARD OF DIRECTORS OF BANCO DE PORTUGAL

29 December 2015

On 29 December 2015, at the ordinary meeting of the Board of Directors of Banco de Portugal, chaired by Governor Carlos da Silva Costa, and attended by Vice-Governors Pedro Duarte Neves and José Ramalho, and Directors João Amaral Tomaz and António Varela, and also attended by João da Costa Pinto acting on behalf of the Audit Board, the following decision was adopted regarding the following point on the agenda: "Clarification and re-transfer of liabilities and contingencies defined as excluded liabilities under paragraph 1(b) (v) through (vii) of Annex 2 to Banco de Portugal's Decision of 3 August 2014 (8.00 p.m.), as reworded by Banco de Portugal's Decision of 11 August 2014 (5.00 p.m.)":

DECISION*

Pursuant to Article 146.1 of the General Legal Framework of Credit Institutions and Financial Companies, enacted by Decree-Law 298/92, of 31 December 1992 (RGCSF), the following decision is deemed urgent on the terms and for the purposes of Article 124.1(a) of the Administrative Procedure Code, without prior hearing of the interested parties taking place.

Background

1. Banco de Portugal's decision of 3 August 2014 (8.00 p.m.), as clarified and adjusted by Banco de Portugal's decision of 11 August 2014 (5.00 p.m.) – hereinafter for the purposes of the following recitals, the "Decision of 3 August" - which ordered the incorporation of Novo Banco, S.A. ("Novo Banco"), further ordered the transfer of a set of assets, liabilities, off-balance-sheet items and assets under the management of Banco Espírito Santo, S.A.

* Including the rectifications made on 12 January 2016

(“Banco Espírito Santo” or “BES”) to Novo Banco, detailed in Annex 2 to the Decision of 3 August.

2. The RGICSF, in line with European legislation on the matter, provides that shareholders and creditors of an institution under resolution should bear the losses of that institution.
3. One of the principles of RGICSF provides that the resources of the resolution fund cannot be used to directly support the losses of the credit institution under resolution.
4. Banco de Portugal has a legal power, exercisable at any time prior to the withdrawal of the authorization of BES for the exercise of activity or the sale of Novo Banco, to order further transfers of assets and liabilities between Novo Banco and BES (the “**Re-transfer Power**”). The Re-transfer Power is provided for in Chapter III (*Resolution*) of Title VIII of the RGICSF and was specifically provided for in paragraph 2 of Annex 2 to the decision of 3 August.

Reasons for the clarification and exercise of the Re-transfer Power

5. The original version of the Decision of 3 August published on 3 August 2014 provided at Annex 2 paragraph 1(b) as follows:

“BES’s responsibilities to third parties that are liabilities or off balance sheet items will be transferred in full to Novo Banco, S.A., with the exception of the following (“Excluded Liabilities”):...

(v) Any liabilities or contingencies resulting from wilful misconduct, fraud and breaches of regulatory, criminal or administrative provisions.”

6. The amended version of the Decision of 3 August published on 11 August 2014 provided at Annex 2 paragraph 1(b) as follows:

“BES’s responsibilities to third parties that are liabilities or off balance sheet items will be transferred in full to Novo Banco, S.A. with the exception of the following (“Excluded Liabilities”)...

(v) Any liabilities or contingencies, including those resulting from fraud or the breach of regulatory, criminal, or administrative provisions or determinations.”

7. Banco de Portugal considered that the non-transfer to the bridge bank of contingent or unknown liabilities of BES (including disputed liabilities in connection with pending litigation and liabilities or contingencies resulting from fraud or the breach of regulatory, criminal or administrative provisions or determinations) whether or not recorded in BES's books of account pursuant to Annex 2 paragraph 1(b) (v) through (vii) of the Decision of 3 August was proportionate and in the public interest, to the extent that certainty in relation to the liabilities of the bridge bank is essential in order to ensure the continuity of the critical functions performed by Novo Banco which had previously been performed by BES.
8. BES's legal standing has been called into question or even rejected in judicial court cases to which it is party, based on the alleged transfer to Novo Banco of the liabilities under discussion in those cases where BES was the defendant on 3 August 2014 and that pertain to events predating the application of the resolution measure to BES due to that application.
9. It is therefore important to clarify that Banco de Portugal in its capacity as the resolution public authority, decided and considers that all contingent and unknown liabilities of BES (including disputed liabilities in connection with pending litigation and liabilities or contingencies resulting from fraud or the breach of regulatory, criminal or administrative provisions or determinations) whether or not recorded in BES's books of account are covered by paragraph 1(b) (v) through (vii) of Annex 2 of the Decision and were hence not transferred to Novo Banco.
10. Some judicial courts have requested Banco de Portugal, as the resolution authority, to notify them of its understanding regarding the non-transfer of liabilities and contingencies from BES to Novo Banco, under paragraph 1(b) (v) through (vii) of Annex 2 of the Decision of 3 August.
11. Those requests were not made in most of the cases pending before the judicial courts relating to liabilities or contingencies not transferred to Novo Banco.
12. If the number of cases pending before judicial courts and the disparity of the decisions handed down to date significantly lead to a failure in properly acknowledging the selection made by Banco de Portugal (in its capacity as the resolution authority) of the assets, liabilities, off-balance-sheet items and assets under management transferred from BES to Novo Banco (decision on the "transfer perimeter"), the implementation and effectiveness

of the resolution measure applied to BES, which, among other criteria, was based on a certainty criterion regarding the transfer perimeter, could be compromised.

13. It was that certainty criterion that allowed for the calculation of the capital requirements of the bridge institution, Novo Banco, and it was based on those calculations that the Resolution Fund paid up the bridge institution's share capital.
14. Should any liabilities and contingencies materialize in Novo Banco as a consequence of any judicial court rulings, Novo Banco would be required to undertake obligations that it should never undertake and which discharge was simply disregarded in the amount of the capital initially allocated to that bridge bank.
15. The risk could materialize before the transit in *res judicata* of the judicial court rulings if, according to the accounting rules, it is deemed that despite Banco de Portugal's decision, the materialization is likely.
16. Under the law, Banco de Portugal's decision on the transfer perimeter may only be changed through the procedural means set forth in administrative litigation laws, in accordance with Article 145-AR of the RGICSF (formerly Article 145-N of the RGICSF in force at the date of application of the resolution measure to BES).
17. To question the transfer perimeter outside administrative litigation is a deviation from the legally established authority of administrative courts and prevents Banco de Portugal from exercising the prerogative vested in it by law to set aside, for reasons of public interest, the enforcement of adverse rulings, immediately triggering the compensation setting procedure in accordance with the rules established in the Administrative Courts Procedure Code.
18. Judicial court rulings that directly or indirectly compromise the transfer perimeter neutralize this legally established litigation (and compensatory) mechanism to challenge Banco de Portugal's decisions, as the resolution public authority, and compromise the implementation and effectiveness of the resolution measure.
19. The purpose of this decision is:
 - a. To clarify the treatment of contingent and unknown liabilities of BES (including disputed liabilities in connection with pending litigation and liabilities or contingencies resulting from fraud or the breach of regulatory, criminal or

administrative provisions or determinations) regardless of their nature (tax, labour, civil or other), and whether or not recorded in BES's books of account pursuant to Annex 2 paragraph 1(b)(v) of the Decision of 3 August;

- b. If and to the extent that any contingent and unknown or uncertain liabilities of BES as at 3 August (including disputed liabilities in connection with pending litigation and liabilities or contingencies resulting from fraud or the breach of regulatory, criminal or administrative provisions or determinations) whether or not recorded in BES's books of account and which should have remained with BES in accordance the Decision of 3 August, were transferred to Novo Banco, to re-transfer, through the exercise of the Re-Transfer Power, such contingent and unknown liabilities (including disputed liabilities in connection with pending litigation and liabilities or contingencies resulting from fraud or the breach of regulatory, criminal or administrative provisions or determinations) to BES; and
 - c. To order BES and Novo Banco, in accordance with Article 145.º-P(7) and 145.º-G (2), (3) and (4) of the RGICSF, to take the measures set out in this decision in order to give it full effect.
20. In light of the above and in order to ensure the continuity of the critical functions provided by Novo Banco, the Re-transfer Power is exercisable as set out in this decision, and it is extremely necessary, urgent and pressing.

Under the powers vested in it by the RGICSF to select the assets and liabilities to be transferred to the bridge bank, the Board of Directors of Banco de Portugal decides the following:

- A) To clarify that under subparagraph 1(b) of Annex 2 to the decision of 3 August, were not transferred from BES to Novo Banco any liabilities or off-balance sheet items of BES which were at 8 p.m. on 3 August 2014 contingent or unknown (including disputed liabilities in connection with pending litigation and liabilities or contingencies resulting from fraud or the breach of regulatory, criminal or administrative provisions or determinations) regardless of their nature (tax, labour, civil or other), and whether or not recorded in BES's books of account;

- B) In particular, it is hereby clarified that the following liabilities of BES were not transferred from BES to Novo Banco:
- (i) All claims related to preferred shares issued by vehicles created by BES and sold by BES;
 - (ii) All claims, indemnities and expenses related to real estate assets which were transferred to Novo Banco;
 - (iii) All indemnities related to the breach of contracts (sale and purchase of real estate assets and others) signed and executed prior to 8.00 p.m. on 3 August 2014;
 - (iv) All indemnities related to life insurance contracts where BES – Companhia de Seguros de Vida, S.A. was the insurance company;
 - (v) All claims and indemnities related to the purported annulment of certain clauses of loan agreements where BES was the lender;
 - (vi) All indemnities and claims resulting from the annulment of operations executed by BES as provider of financial and investment services; and
 - (vii) Any liability which is the subject of any proceedings set out in Annex I.
- C) To the extent that notwithstanding the foregoing clarifications, any liabilities of BES which under the terms of any of the paragraphs above and the Decision of 3 August were to remain in BES but were in fact transferred to Novo Banco, those liabilities are hereby re-transferred from Novo Banco to BES with effect from 8.00 p.m. on 3 August 2014.
- D) The Board of Directors of BES and the Board of Directors of Novo Banco shall take all actions required to implement and effect the clarifications and re-transfers set out in this decision. In particular and pursuant to the provisions in Article 145-P(7) and 145-G(2), (3) and (4) of the RGICSF, Novo Banco and BES must:
- (a) Adopt the necessary implementation measures for the proper application of the resolution measure applied by Banco de Portugal to BES, as well as of all decisions of Banco de Portugal that supplement, amend or clarify it, including this decision;
 - (b) Perform all acts of a procedural or process nature in the proceedings to which they are party so as to properly implement the decisions of Banco de

- Portugal referred to in (a) above, including those required to revert prior acts contrary to those decisions they may have performed;
- (c) For the purpose of compliance with the provisions in paragraph (b), apply for immediate attachment of this decision to any proceedings to which they are party;
 - (d) Bring their accounting records in line with the provisions in Banco de Portugal's decisions referred to in (a); and
 - (e) Refrain from any conduct that could compromise Banco de Portugal's decisions referred to in (a).
- E) Approve the minutes of this decision with a view to its immediate implementation, under paragraph 4 and for the purposes of Article 34.6 of the Administrative Procedure Code.
